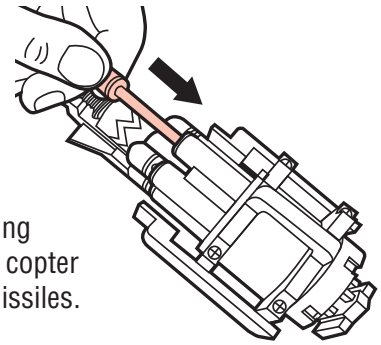
SPIDER-MAN® Web Copter

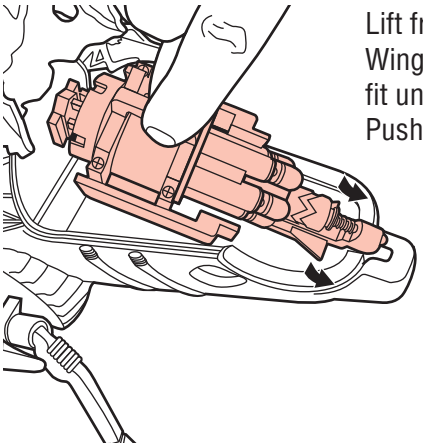
Assembly Instructions:

1



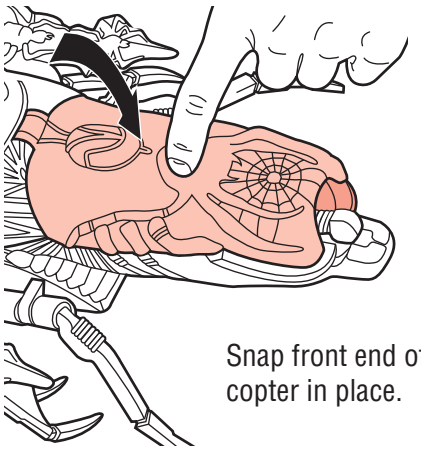
Remove gatling cannon from copter and load 5 missiles.

2



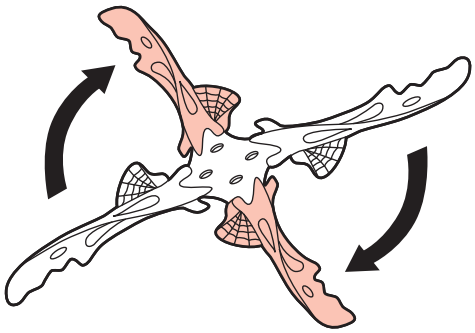
Lift front end of copter. Wings on gatling gun fit under tabs in copter. Push down to lock.

3



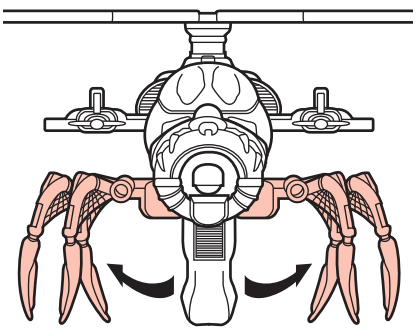
Snap front end of copter in place.

4



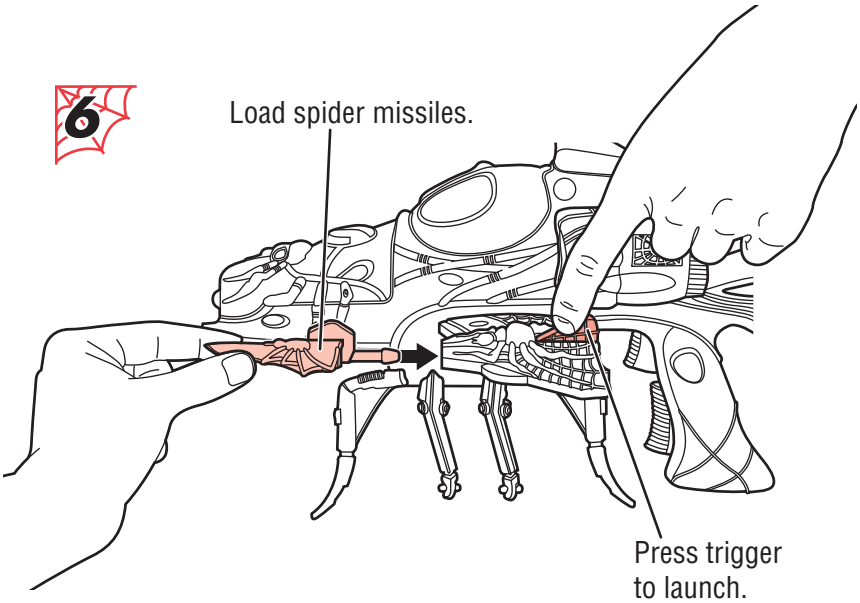
Pivot bottom blades clockwise until they lock into place.

5



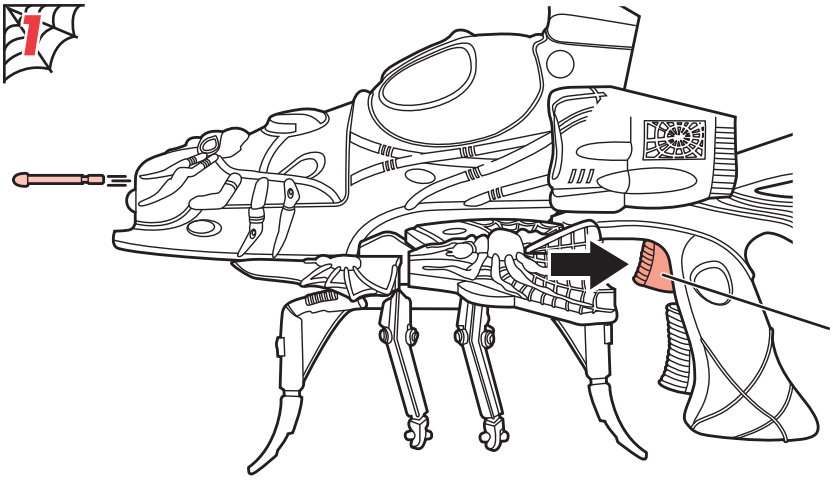
Set legs to open position.

6



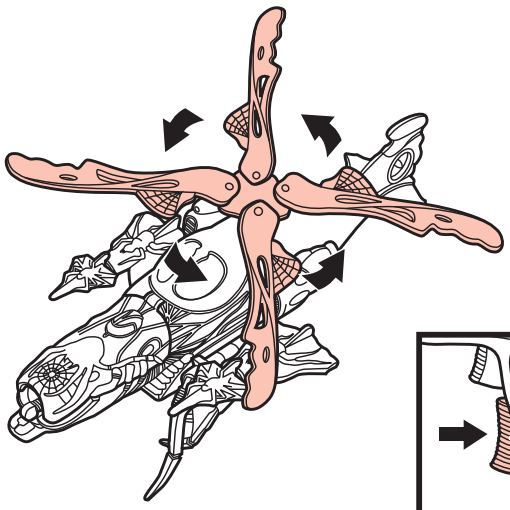
Web Copter Operation:

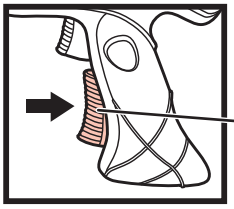
1



Pull top trigger on pistol grip to fire gatling cannon.

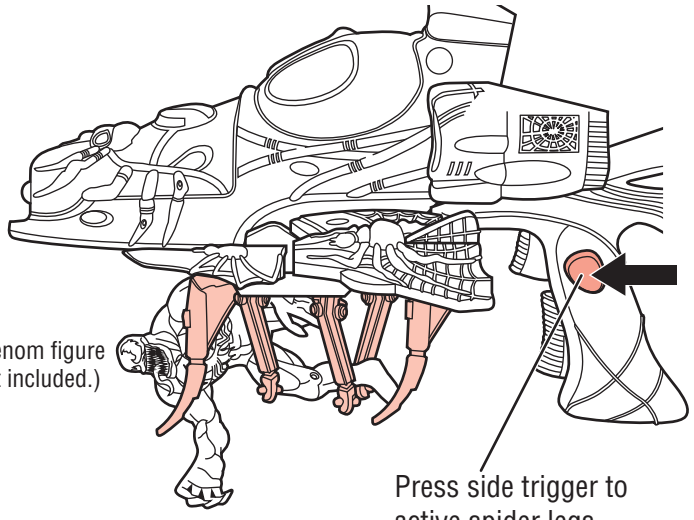
2





Squeeze bottom trigger to rotate copter blades.

3



(Venom figure not included.)

Press side trigger to active spider legs.
